Most forex traders rely on technical analysis books written for stock, futures, and option traders. However, long before computers and calculators, traders were trading naked. Naked trading is the simplest (and oldest) trading method.

### **Naked Forex | Wiley Online Books**

Naked trading is simply trading virtually "indicator-less" so you can see in real time what is going on with current price without it hiding behind a mess of indicators. It is better known as price action trading where you may trade candlestick chart patterns or even singular patterns such as a pin bar.
