Phenomenology in architecture can be understood as an aspect of philosophy researching into the experience of built space, and as shorthand for architectural phenomenology, a historical architectural movement.

Phenomenology (architecture) - Wikipedia

Spanish architecture refers to architecture carried out in any area in what is now Spain, and by Spanish architects worldwide. The term includes buildings within the current geographical limits of Spain before this name was given to those territories (whether they were called Iberia, Hispania, Al-Andalus or were formed of several Christian kingdoms). Due to its historical and geographical ...
