Women's suffrage in the United States of America, the legal right of women to vote, was established over the course of more than half a century, first in various states and localities, sometimes on a limited basis, and then nationally in 1920.. The demand for women's suffrage began to gather strength in the 1840s, emerging from the broader movement for women's rights.

Women's suffrage in the United States - Wikipedia

The explosion of consumer-facing online services and applications is making it easier and cheaper for cybercriminals to host malicious content and launch attacks.
