SAP PS i. About the Tutorial Project System (PS) is one of the key modules of SAP to perform project and portfolio management. It helps you to manage the project life cycle starting from structuring to planning, execution, until the project completion. Audience SAP PS helps to manage and support all the SAP projects in a company.

About the Tutorial

I have been told to prepare a project implementation plan. I have prepared one. I am sharing the link , kindly suggest whether this template is perfectly fine or need to be changed some activities in each phase. We have SAP ERP (SD, MM, BW, FI, HR) already in place, & integration will also be required with R/3.

Project Plan Template - SAP

A complete project plan is provided with the AIP implementation methodology. The project plan is in Microsoft Excel, and you can easily adapt the plan to your needs. This plan serves as the master document for the AIP phases, and contains all the required tasks, milestones and best practices.
