History. Scientific American was founded by inventor and publisher Rufus M. Porter in 1845 as a four-page weekly newspaper. Throughout its early years, much emphasis was placed on reports of what was going on at the U.S. Patent Office. It also reported on a broad range of inventions including perpetual motion machines, an 1860 device for buoying vessels by Abraham Lincoln, and the universal ...

Circumcision of males is a very popular procedure. The purpose of this website is to provide a balanced up-to-date evidence-based review of scientific studies on male circumcision that have been published mainly in reputable international medical and scientific journals after a formal, critical refereeing process by experts

in the field.

CIRCUMCISION: An Evidence-Based Appraisal

pp. 36: This paper discusses presentation of null results derived from traditional null hypothesis significance testing (NHST) procedures, and presents examples and suggestions for improvement in statistical reporting.
2 This paper does not include a complete discussion of all the issues associated with NHST; rather it is a primer with practical suggestions for data reporting.
