In social science and politics, power is the capacity of an individual to influence the conduct (behaviour) of others. The term "authority" is often used for power that is perceived as legitimate by the social structure. Power can be seen as evil or unjust, this sort of primitive exercise of power is historically endemic to humans, however as social beings the same concept is seen as good and ...

A social movement is a type of group action. Social movements can be defined as "organizational structures and strategies that may empower oppressed populations to mount effective challenges and resist the more powerful and advantaged elites". They are large, sometimes informal, groupings of individuals or organizations which focus on specific political or social issues.

The Inter-American Development Bank began supporting income generating nonprofit organizations and cooperatives in 1978 through its Small Projects Fund long before there was a field dubbed social enterprises. In 1998, the Social Entrepreneurship Program (SEP), which replaced the Small Projects Fund, was created to promote social equity and the economic development of poor and marginal groups.
