The President's Council's mission is to increase sports participation among youth of all backgrounds and abilities and to promote healthy and active lifestyles for all Americans.

President's Council on Sports, Fitness & Nutrition (PCSFN)

The overall review of the literature supports the viewpoint that multivitamin/mineral supplements are unnecessary for athletes or other physically active individuals who are on a well-balanced diet with adequate calories.

Dietary Supplements and Sports Performance: Introduction

Nutrition is the science that interprets the interaction of nutrients and other substances in food in relation to maintenance, growth, reproduction, health and disease of an organism. It includes food intake, absorption, assimilation, biosynthesis, catabolism, and excretion. The diet of an organism is what it eats, which is largely determined by the availability and palatability of foods.

for football - FIFA

Abstract. The notion of paying college football players has been an ongoing debate since the early 1900â€™s. With current television revenue resulting from NCAA football bowl games and March Madness in basketball, there is now a clamoring for compensating both football and basketball players beyond that of an athletic scholarship.
