Search Engine Marketing Glossary - SEO & SEM Industry

Search engine optimization (SEO) is the process of affecting the online visibility of a website or a web page in a web search engine's unpaid results—often referred to as "natural", "organic", or "earned" results. In general, the earlier (or higher ranked on the search results page), and more frequently a website appears in the search results list, the more visitors it will receive from the ...

Near the end of December 2011, we ran a survey on this blog asking consultants and agencies of all sizes and geographies to contribute their pricing models and cost structures. I'm pleased to share the results of that survey in the hopes that it will give everyone in the search industry a better idea of the range of fees and the services provided.
