techno thriller novels book pdf

Debt of Honor is a techno-thriller novel, written by Tom Clancy and released on August 17, 1994. A direct sequel to *The Sum of All Fears* (1991), Jack Ryan becomes the National Security Advisor when a secret cabal of Japanese industrialists seize control of their country's government and wage war on the United States. The book debuted at number one on the New York Times bestseller list.

Overview. *State of Fear* is, like many of Crichton's books, a fictional work that uses a mix of speculation and real world data, plus technological innovations as fundamental storyline devices. The debate over global warming serves as the backdrop for the book. Crichton supplies a personal afterword and two appendices that link the fictional part of the book with real examples of his thesis.
