According to Christian theology, the transcendent God, who cannot be approached or seen in essence or being, becomes immanent primarily in the God-man Jesus the Christ, who is the incarnate Second Person of the Trinity. In Byzantine Rite theology the immanence of God is expressed as the hypostases or energies of God, who in his essence is incomprehensible and transcendent.

Immanence - Wikipedia

This is a list of Christians in science and technology. Persons in this list should have their Christianity as relevant to their notable activities or public life, and who have publicly identified themselves as Christians or as of a Christian denomination.
