Habibul H Khondker and Ulrike Schuerkens, 2014, "Social transformation, development and globalization"™, Sociopedia.isa, DOI: 10.1177/2056846014231 Introduction Social transformation implies a fundamental change in society, which can be contrasted with social change viewed as gradual or incremental changes over a period of time.

Social transformation, development and globalization

As a result of the latter transformations, humans are no longer seen as the center of the universe, as essentially different from animals, or as fully conscious of the wellsprings of their activity. In the present case, however, we confront the loss of the human capacity for objective knowledge.

Urban Transformation and Role of Architecture towards Social Sustainability 17 "We shape our buildings and then our buildings shape us" (Churchill) City transformation study from the industrial age to the global city requires vigorous examination.

Urban Transformation and Role of Architecture towards

What is social change? Social change builds community-based responses that address underlying social problems on an individual, institutional, community, national and/or international level. Social change can change attitudes, behaviors, laws, policies and institutions to better reflect values of inclusion, fairness, diversity and opportunity.
