The United States is a federal republic in which the President, Congress and federal courts share powers reserved to the national government, according to its Constitution. The federal government shares sovereignty with the state governments.. The executive branch is headed by the President and is formally independent of both the legislature and the judiciary.

Politics of the United States - Wikipedia

The United States Constitution is the supreme law of the United States. The Constitution, comprising seven articles, delineates the national frame of government. Its first three articles embody the doctrine of the separation of powers, whereby the federal government is divided into three branches: the legislative, consisting of the bicameral Congress; the executive, consisting of the President ...
