Live blood analysis (LBA), live cell analysis, Hemaview or nutritional blood analysis is the use of high-resolution dark field microscopy to observe live blood cells. Live blood analysis is promoted by some alternative medicine practitioners, who assert that it can diagnose a range of diseases. There is no scientific evidence that live blood analysis is reliable or effective, and it has been ...

Blood Pressure Protocol has been created during a time in which general levels of fitness are constantly plummeting and obesity soaring. It is a comorbidity of obesity, as well as being related to the stress often associated with the modern world. Also known as hypertension, high blood pressure is experienced by a staggering one billion people globally.
