workforce 2000 work and pdf

The workforce or labour force (labor force in American English; see spelling differences) is the labour pool in employment. It is generally used to describe those working for a single company or industry, but can also apply to a geographic region like a city, state, or country. Within a company, its value can be labelled as its "Workforce in Place". The workforce of a country includes both the ...

Workforce development, an American approach to economic development, attempts to enhance a region's economic stability and prosperity by focusing on people rather than businesses. It essentially develops a human-resources strategy. Work-force development has evolved from a problem-focused approach, addressing issues such as low-skilled workers or the need for more employees in a particular ...
